Dear Mr. Kolenut:

The Department of Environmental Protection is pleased to recognize your business for participating in the New Jersey Sustainable Business Registry. You clearly share the DEP's commitment to sustainability, and I congratulate you on your hard work and your exceptional leadership and innovation.

The New Jersey Sustainable Business Registry is a joint partnership between the DEP and the New Jersey Small Business Development Centers. Since its inception, 209 businesses have identified and implemented at least five environmental practices to achieve recognition in this program.

Collectively, this has resulted in the following savings:

- \$12.9 million;
- 98,767,138 gallons of water;
- 24,090,354 pounds of waste;
- 561,937 gallons of gasoline;
- 4,597,989 total miles traveled;
- 79,333,393 kilowatt hours; and
- 52,700 metric tons of CO₂ equivalent greenhouse gas reduction.

I have enclosed a certificate of innovation for your efforts to educate and promote the benefits of sustainability in New Jersey.

On behalf of everyone at the DEP, I thank you once more for your participation and look forward to learning more about your efforts in the years to come.

Sincerely,

Paul Baldauf
